New order for the upgrade of a VariDur winder

Jagenberg Paper GmbH located in Krefeld, Germany, is an expert in the production and modernization of machines and plants in the paper industry. The company offers customized solutions to meet the requirements of customers globally.

The customer from southern Germany plans to optimize their VariDur winder by upgrading the rewinding unit and safety measures. The contract has been awarded to Jagenberg Paper to enhance the present configuration of the machinery with Jagenberg Paper's established Retrofit Concept. The operation of the rewinding unit will be facilitated and the efficiency of the winding unit will be increased. The safety will be improved by dedicated components.

The installation on site by Jagenberg Paper experts is scheduled for the second half of 2023.
