Krefeld, 2021-09-01

New order from Leipa Georg Leinfelder GmbH in Schwedt for the rebuild of a VariStep winder

Jagenberg Paper GmbH, with its headquarters in Krefeld, Germany, is an expert in the production and modernization of machines and systems in the paper industry. The company offers internationally customized solutions tailored to customer requirements.

The customer Leipa Georg Leinfelder GmbH in Schwedt, Brandenburg is planning to equip its existing VariStep winder with a fully automatic gluing device in order to seal the finished rolls in the machine. Jagenberg Paper was awarded the contract to adapt its tried and tested glue system to the conditions of the existing machine. The new functions are integrated into the existing machine control and expanded to include intuitive operation. The scope of delivery is also supplemented by safety components.

The implementation will take place in the first half of 2022.
