Jagenberg Paper receives order from R.D.M. Arnsberg for renewal of safety technology on the VariStep

Jagenberg Paper GmbH, based in Krefeld, Germany, is an expert in the manufacture and modernization of machinery and equipment in the paper industry. The company offers internationally customized solutions tailored to customer needs.

The RDM Group, the leading manufacturer in the recycled cartonboard sector, has assigned Jagenberg Paper to renew the safety technology on the VariStep winder at its Arnsberg site, R.D.M. Arnsberg. Based on a risk assessment carried out by the operator, the experts from Jagenberg Paper will implement safety-oriented measures in the areas of drive technology, accessibility and operation of the machine. Engineering, component supply as well as assembly and commissioning are part of the scope of supply.

In order to maintain production as far as possible, the implementation will take place in several day shutdowns starting in October 2023.
